

# Compositions and Translation

1. Nanoscience and Technology Book (Translated by Dr. Hadi Al-Qahtani and Dr. Khalid Al-Zahrani)

## Co-author of a chapter of a book

2. Laref and S. Laref. Chapter title: The Impact of Quantum Confinement on the Physical Properties of 3C-SiC Nanowires, Book title: Quantum Confinement: Effects, Observations and Insights. Editors: Rebecca Parker. Series: Physics Research and Technology. NOVA science publishers (2017). ISBN: 978-1-53610-672-5.

3. Laref, book chapter: Quantum confinement of Si quantum dots. In book: *Advances in Silicon Solar Cells*, pp.25-52 (2018) Springer. DOI: 10.1007/978-3-319-69703-1\_2.
4. Laref. Book Editor: *Polarons: Recent progress and perspectives*. NOVA science publishers. ISBN: 978-1-53613-935-8 (2018).
