

**Form (H)**  
**Short course description**

Course title: Research Project	Course number and code: MATH 499
Previous course requirement: Completion of 100 Credit Hours.	Language of the course: Arabic or English
Course level: Fourth year, 8th	Effective hours: 3 (3+0+0)

Course description

The student should prepare a research project under the supervision of a faculty member. The followed procedure consists of three main steps:

- 1- Choosing the subject matter of the project.
- 2- Locating relevant references and studying them.
- 3- Writing up the research project and presenting it.

Course objectives

To guide the student to:
1- How to obtain information from various references,
2- How to write a paper,
3- How to explain a topic in a classroom setting.

Learning outcomes (understanding, knowledge, and intellectual and scientific skills)

After studying this course, the student is expected to be able to:

1- To collect information from references relevant to a project,
2- Self study,
3- To present a topic to an audience,
4- Write up a research project.
